PROJECTS

FEC Schedule E Explorer — *React-Redux, Webpack, Express, OpenFEC.gov API*

https://github.com/elliothimmelfarb/fec-schedule-e-explorer-v2

- Built in 1 week while learning React for first time. See which committees are spending money on which candidates in their schedule E filings.

Yelp off Yelp — *MEAN stack, Yelp API, Satellizer.js, BCryptJS, JWT, Pug, Sass, Gulp*

https://github.com/elliothimmelfarb/yelp-business-search-tracker

Search Yelp.com. Save and remove favorites. See how many times a business has been favorited by others.

EXPERIENCE

Coding House — *Code Mentor*

Pleasanton, CA | July 2016 - PRESENT

- Reviewing code and assisting students
- Building production grade apps individually and in teams
- Studying CS concepts while learning new frameworks and skills

Ewha Little Campus, Ulsan
MapleBear Canadian Immersion School, Seoul

— *Foreign English Teacher*

South Korea | March 2014 - March 2016

- Created lesson plans and classroom materials;
- 8 classes per day, 5 days per week;
- Cultural interface for parents, students, school administration.

EDUCATION
